**Online Public Comment
to the
Board of Trustees of the Utah Transit Authority (UTA)
Board Meeting**

Received on November 9, 2021 from George Chapman:

Comments to UTA Board of Trustees Nov10 meeting

I urge the UTA Board to not sell at \$19 per sq ft, the Clearfield property which is desperately needed for more parking.

The UVX fare should go to \$1 along with all other buses in the UTA system. It is inequitable, in my opinion, to give a segment of the population free fare since it could be equated to economic racism. Other bus routes that serve a so called less desirable ridership should not have to pay \$2.50. To be equitable, all bus riders should pay \$1. To test the revenue impact due to fare elasticities of bus, I would ask for a one month \$1 fare to encourage bus ridership.

Thank you for the \$600,000 proposal to install electronic signage with real-time bus departure information at several of our high-volume bus stops.

I am confused about the DTA proposal for 20 monthly passes for a year. The language does not clearly say that the passes are for Downtown Ambassadors since this language is used: "UTA can support the DTA in this effort by supporting the Street Ambassador team with monthly passes to ride TRAX and bus locally and refer riders to resources." This could be construed as being able to give the passes to others. I urge language that clearly says the passes are for use of the active Downtown Ambassadors only.
